# BLUEBEARD WATSON CONFESSES!

## OLD-LINED REFUGEES. JAPS UP TO OLD TRICKS.

Millions Here on Militaristic Plan is Camouflaged.

Alibi for Crushing Siberia and China is Old Dodge of Bolshevism.

Situation Being Forced in the Far East Menaces Peace of the World.

BY FRAZIER HUNT.

(BY CABLE-EXCLUSIVE DISPATCH.)

HARBIN, April 29.—The Japanese military is fast becoming a danger to the peace of the world. They are going about it in a cruel, insidious, brutal way, crushing Siberia and weak China in order to gain their own imperialistic ends.

Three points stand out vividly here at the heart of Japanese aggression.

First, the Japanese military purposefully and determinedly is creating a situation which will permit her to take the Chinese Eastern Railroad and ultimately to dominate northern Manchuria exactly as she dominates south Manchuria today.

A SMOKE SCREEN.

Second, the alibi she presents to the world that she must protect China and her own country from the ravages of Bolshevism is a deliberate falsehood and a smoke screen for her ambitions. From the start of the inter-Allied Siberian expedition to the present moment the Japanese have double-crossed America and worked against every interest except their own in no way less than the game square.

Third, 99 per cent of the Siberians do not want the Japanese in Siberia and 99 per cent of the Chinese do not want Japan in northern Manchuria. By remaining she is only creating possibilities of war and making unrest, instead of curing it.

Manchuria and Siberia are great main fields of the world's business. Control of the priceless Chinese Eastern Railroad would give Japan full economic control, because where Japan controls a railroad as in South Manchuria and Shantung, there are no equal opportunities and no open door. Instead there is discrimination behind a screen, favoring Japanese business.

### THE SITUATION.

Today the situation is as follows: Japan has from 1899 to 1900 soldiers scattered along the Chinese Eastern where she has no right to a single soldier. There is given the Chinese to guard, and they were doing it successfully for the whole year past. Here in Harbin Japan has a defective mentality, describing in detail an accident in which he said he was hit on the head with a blacksmith's ax, when he was a boy. The questions and answers follow:

Question: What is your name?

Answer: I do not honestly know.

Q: By what name are you now known?

A: The last known name of Watson, James P. Watson.

Q: Where were you born?

A: Somewhere in the Southern States. From the fact that I was in an orphan's home, it must have been Tennessee or Texas.

Q: Can you recall how long you lived in Tennessee during your childhood?

A: I cannot, for the reason I was in an orphan's home, and they let me out two or three times with different families, and they moved around and I can't remember, really.

Q: Have you any recollection of having any parents?

A: I seem to have a recollection of a woman coming once to see me who said she was my mother.

Q: Where was this she came to see you?

A: At the orphan's home in Tennessee.

Q: Do you know just where in Tennessee?

A: I do not.

Q: How old were you when the person representing to be your mother called on you?

A: I have no way of remembering because I was just a little fellow playing with other fellows.

Q: Did you ever know your father?

A: I remember being at a place once where I had a faint memory of it, appears that a man came and they said they must hide me for they didn't want him to have me, and I think I heard someone say he was my father. That is just vague. It seems to me they put me under the bed or in the closet just before he came and I stayed there until he went away.

Q: Who put you under the bed?

A: The people where I was staying. It was in some private home, not a great way from the school. I can remember faintly being hid away; that is all I remember about it.

Q: Have you any recollection of...

Following is the stenographic record—all that was available up to an early hour this morning—of Watson's own story of his life. ## MARRIED FIFTEEN WOMEN, MURDERED FOUR OF THEM, ARCH-CRIMINAL DECLARES

In a three-hour statement made to Dist-Atty. Woolwine last night, Walter Andrew Watson, modern Bluebeard and multibigamist, confessed that he murdered at least four of his wives, possibly more. He said he has married at least fifteen women, so far as he can remember in his weakened condition. His statement was taken down by a court reporter, and Watson signed it. What terms, if any, were made with the District Attorney in return for the confession were not made public by the latter.

Watson said he killed Nina Lee Deloney near Long Beach by beating her brains out with a hammer one night while they were in camp on a motor trip. He took her body to a place near San Diego, which he described, and buried it deep.

Betty Prior, whose body was found near Plum Station, Wash., Watson said he killed in the same way. Bertha Goodnick he slew by tipping her out of a boat in Lake Washington, near Seattle. Alice Ludvigson came to the same fate on a river in Idaho, where he had taken her for a "boating trip."

### "FUN TO KILL THEM."

Watson apologized for not being able to recall all the details of his fearful life of crime. He indicated that he did not kill the women for their money—he only married them for that—but said it gave him a strange pleasure to put them out of the way. The officers believe he killed such of his wives as he found too curious about his business and who he feared might lead to his exposure. He frankly admitted that his toll of death may be much larger than he knows now and that the number of women he has married may be more than twenty. Two of the killings by drowning he first referred to as accidents, but later said he killed all four.

Immediately after receiving his statement, which was taken in the presence of Mr. Woolwine, Chief Deputy Doran, Court Recorder Ben Smith, Deputies Manning, Coats and Bell, Attorney Marmaduke, Watson's counsel, and hospital attendants, the Sheriff organized an expedition to rush south to dig up the body of Nina Lee Deloney.

In the search party, headed by Chief Deputy Al Manning, were Deputies Coats and Bell and Driver Callahan in two cars loaded with picks and shovels. Their destination is a little valley leading off of the famous Borrego Valley, near San Diego, referred to in the sinister "directions" found in the suit case of Nina Lee Deloney along with her property and valuables all in the possession of Watson when he was arrested. That a long hunt was anticipated was indicated by the fact that officers filled many desert cañons with water and loaded the cars with blankets and rough clothing.

### DETAILS OF CONFESSION.

Watson made his statement calmly, as he lay handcuffed to his cot. The first of the four women to die was Miss Ludvigson, he stated. He said he was in a boat with her, fishing in a river in Idaho. His memory was weak as to the exact time and location. The boat, he said, jammed against logs which were lashed to the bank of the river, and he shoved with his feet and Miss Ludvigson with her arms to free the craft. When he broke away, he narrated, the woman lost her balance and fell into the river, where she drowned.

The Goodnick death, he said, came about in this manner: He was on a launch with her on Lake Washington. The water was rough and she fell overboard in trying to go from the stern to the center of the craft. He later referred to this death as a "murder."

In the Prior case, he stated, the woman attacked him with a baton in a house near Olympia, Wash., and he, to defend himself, shoved her so violently that she fell and struck her head against the corner of a box. He believed she was dead, he declared, but to make certain he got a hammer and struck her on the head with it.

Watson said he killed her in a deserted house, and that, after disposing of the body, he found bloodstains there, so he burned down the building to conceal this evidence. The grave in which he placed her body was a hole left where a stump had been uprooted.

Nina Lee Deloney he killed at a camp they had made near Signal Hill, just outside of Long Beach, just February 26. That day they left Santa Monica in his automobile, the back part of which carries a camping outfit. At their first camp, he stated, they quarreled about letters he had received from other women.

### DETAILS OF MURDER.

Watson's account of the murder at Long Beach was by far the most complete and circumstantial of the whole ghastly account. This, he said, was because it was freshest in his mind, occurring shortly after they left Santa Monica last January 31. They were taking a camping trip by motor and had stopped at Signal Hill for the night. He said he was in a rooming house with other women and he lost his temper and struck her on the head with a hammer, later beating her skull in with it to make sure she was dead. Then he wrapped the corpse in a blanket and a piece of canvas and loaded it into his car. He drove to San Diego by the coast road, he said, turned off to reach Imperial Valley, drove along the edge of the hills, stopped at a "good place" near the Borrego Valley, took the body out, carried it up the mountain side and buried it in the sand. It was this grisly trip which Watson referred to in his notes of directions, reproduced on Page 1, Part II, of this issue of The Times. The car shown in the picture is the one he used and the canvas over the back seat the one which served as the woman's unshrouded shroud.

Although weak physically, Watson explained to the officers that when he "had to carry these bodies" he seemed to be possessed of superhuman strength. He denied that he had done wrong. In other words he has beat me with my head between his legs till I prayed to die. That is the truth, and I was beat so much I used to study how I could make away with myself and as a boy often I thought I would get out of torture.

WASHINGTON, April 29.—Opposition among House Republicans to a sales tax for raising part of the \$1,000,000,000 needed for soldier relief legislation led today to an open break at the final meeting of the Ways and Means Committee, called to complete the draft of the measure.

Representatives Young, North, Dakota, and Frank, Wisconsin, bolted and joined a conference with Republican insurgents to plan for the opposition fight at their party caucus tomorrow. The withdrawal left the Republicans with a majority of but one in the full committee. If the bolting members vote with the Democrats.

Republican committee members finally completed the draft of the relief bill today, making few changes in the general scheme. In adopting the sales tax of 1 per cent. on gross monthly business, the Republicans decided it was not to apply unless the aggregate sum exceeded \$100,000, instead of the previously adopted limit of \$500.

The Premier's statement was most optimistic, setting forth the claim that the conference had removed all misunderstanding between France and England, and that the Allies were in complete agreement not only to enforce the treaty, especially the disarmament clause, but against any French annexation of German territory.

"For," added the Premier, "we cannot have another Alamo-Lorraine." Lloyd George further indicated that the conference had removed all misunderstanding between France and England, and that the Allies were in complete agreement not only to enforce the treaty, especially the disarmament clause, but against any French annexation of German territory.

Wisconsin Governor Declares People Want Light Drink.

Asserts Liquor of High Alcoholic Rate Not Desired.

Sums up Experience of State Under Prohibition Law.

EXCLUSIVE DISPATCH

MADISON (Wis.) April 29.—That there is widespread sentiment in Wisconsin for the sale of beer of low alcoholic content; that there is no sentiment for the return of whisky or the "saloon bar," is the statement of Gov. Philipp in a letter made public today. The letter is written to John A. Packer, secretary of the Temperance Society of England. Gov. Philipp says in his letter:

"After six months of experience with national prohibition, there is an almost unanimous sentiment that the sale of whisky and high wines shall not again be resumed and that the 'American bar,' so-called, as heretofore conducted, shall not be re-established."

"There is on the other hand, a widespread sentiment that beer of low alcoholic content and mild wines should be permitted to be sold in hotels, restaurants and other places especially equipped for the purpose and that the same may be sold and delivered to private homes."

"It is a fact that total abstinence has created much unrest among our people. The working classes demand their beer, and the same may be said of a large percentage of our agricultural people. In that connection, that this unrest is not entirely due to the fact that the people are

## Denied the right to have beer.

The closing of the saloon and beer gardens has destroyed much of their former social life.

Nothing has been substituted to take its place and the workingman finds no place to go to meet his companions nor to discuss his home life or the amenities that he has been used to in the saloon.

There is another side to the question which causes much comment. There is a general feeling that the government has gone too far in interfering with the sale of drinks of low alcoholic content which can hardly be said to be intoxicating. I have reference particularly to beer of less than 10 per cent. alcoholic content by weight.

The average American is willing to be regulated to an extent that is necessary for the general good, but he does not want his government to interfere with his habits that he does not regard injurious to himself or to others.

"In reply to your question in regard to the effect that prohibition has upon crime, our police department has the following facts: The number of short-term prisoners has decreased. That is due to the fact that we no longer have the drunk and disorderly with the usual thirty to sixty day term; nor do we have the crimes that are connected with drunkenness. There has, however, been no decrease in the number of real criminals—in fact, it has increased.

"I feel that I am giving absolute prohibition the benefit of all that it is worth when I say that the abolition of the saloon is a public necessity and will accomplish all that the prohibitionists should wish."

## ROGER SULLIVAN LEFT FUNDS FOR CHARITY.

WILL DISPOSE OF MILLION AND HALF; WIFE AND SON TO CARRY OUT TEST.

CHICAGO, April 29.—Dying to do an errand for Roger C. Sullivan, Democratic boss of Illinois, who died recently, died fairly well. His will, yesterday, disposed of a \$1,500,000.

It had been generally supposed that he was leaving a fortune. It had been his ambition to leave his widow and each of his children \$1,000,000, and it is about two months before he accomplished about two months before he died.

He will make numerous gifts to charity and friends and the residue is left in the form of a trust fund to be held until the death of any of his children, when it will be apportioned among the survivors and as an until the grand children become of age when it is to be divided.

It is known that Mr. Sullivan was a man of great wealth. His wife was always open to the needy and many large gifts were made to relieve the needy which he accounted for his wealth. He was also extremely liberal to church and educational institutions. His will provides a fund which will run twenty years, out of which deserving young men and women are to be selected for education and distribution of largess is left entirely in the hands of his widow and children. His wife and children are included in the fund that provides annuities of \$1000 to continue as long as they live.

## FRESNO HOLDS HUGE MEETING FOR HOOVER.

MANHATTAN, N. Y. APRIL 29.—A big audience.

FRESNO, April 29.—The Civic Auditorium was packed last night with Hoover enthusiasts, who gathered at the biggest rally yet held in this county.

Addressed by Marshall Hale of San Francisco, chairman of the Pacific Coast Division of the Red Cross, and Charles C. Moore, who was president of the Panama Pacific Exposition at San Francisco.

Lewis H. Smith, a prominent attorney of this city, presided. The platform was filled with a large number of vice-presidents chosen from among the most prominent men and women in the business and social walks of the city and county prior to the meeting.

A parade was held before the meeting. Both speakers reviewed the work of Hoover during the war. The speakers were frequently interrupted with applause, and the meeting was considered one of the best meetings in the interest of Hoover for President held in this part of the state. During the meeting a telegram was read from Ralph P. Merrill, State Hoover manager, in which he claimed the State for Hoover. This need at the Commercial Club, a dinner was given by Hoover enthusiasts, and was attended by a large number of prominent citizens of Fresno and surrounding country.

## LONDON GALLERY CRABS LAURETTE TAYLOR ACT.

IT CAME AND ASSOCIATED PRESS

LONDON, April 29.—A gallery mob broke up the first production of J. Hartley Manners' play, "A Night in Rome," at the Garrick Theatre tonight. The curfew was lowered soon after the start of the second act.

Manager Charles Cochran came before the curtain and said he did not permit Miss Laurette Taylor to proceed in the face of such disruption. He said the audience was dispersed amid a great uproar.

## ALASKA SLIDE KILLS THREE, INJURES SIX.

ANCHORAGE (Alaska) April 29.—Three men were killed and six slightly injured when a snowslide yesterday crashed into a working party on the government railroad between Anchorage and Seward, sweeping scores of men into the icy-flooded waters of Turnagain Arm. Prompt assistance with ropes and improvised rafts effected the rescue of all but three. Two bodies were recovered. Injured are being cared for at a hospital here.

## BISHOP'S CANDY CHERRY FLIP

OLD SPANISH CROWN TAKEN TO NEW YORK.

REKROOM OF GREAT VALUE. UNBAPT IN MEXICO, PLACED IN STRONG BOX.

EXCLUSIVE DISPATCH

LAREDO (Tex.) April 29.—There was placed in the safe-deposit vault of a New York bank a few days ago the jewelry and otherwise richly embellished crown of one of the Spanish rulers of the seventeenth century. This ornate relic of former days is a heirloom of great intrinsic and historic value, belonging to the Moncada family of the city of Mexico. It was taken to New York by Lorenzo Moncada, the turbulent trend of affairs in Mexico made it unsafe to keep the crown in that country at this time, he states.

This jeweled crown is of beautiful design, richly engraved and sparkling with diamonds and pearls. It was being stored with white and yellow diamonds, ranging in size from one-half carat up to the great eight-carat black diamond. The crown is the centerpiece of a platinum case, the centerpiece of a platinum case, the centerpiece of a platinum case.

This sparkling diadem was taken to Mexico from Spain in 1719 by Marquis de Moncada and for the past 170 years has remained in Mexico, passing from one heir to the next. The rich sparkle of the crown is the centerpiece of a platinum case, the centerpiece of a platinum case, the centerpiece of a platinum case.

## STEEL, COAL AND ORE OVERLOAD RAILROADS.

SEATTLE, April 29.—Building construction throughout the West and shipyard work in Pacific Coast yards is being delayed because of the inability of eastern railroads to move manufactured steel westward and at the same time handle the enormous quantities of coal, coke and ore demanded by the steel industry.

Mr. Calkins said he was informed that not less than 2000 locomotives are in the hands of the railroads, and that the railroads are unable to bring railway equipment up to present needs at an expenditure of \$2,750,000,000.

## CANDIDATE CONTESTS KANSAS CITY RETURNS

## CLAIM MAY-DAY PLOTS PLANNED.

Atty. Gen. Palmer Sends Out a Warning.

Says Several Officials Picked for Violence.

Paris and London Facing Radical Demonstrations.

(BY A. F. NIGHT WIRE.)

WASHINGTON, April 29.—Plots against the lives of more than a score of Federal and State officials have been discovered by the Department of Justice as a part of radical May-Day demonstrations.

The assassinations and assaults, Mr. Palmer said, were included in the May-Day programs organized by the Communist labor party and other radical elements and were in addition to strikes and other disturbances, intended by the radicals as a measure to bring peace with Soviet Russia.

State officials marked as "victims" have been notified by the department, the Attorney-General added, of the information in the hands of the Federal government and their co-operation requested in representing radical demonstration.

PLAN NATION-WIDE.  
Radical demonstrations in every industrial center in the country are being urged for May Day by the Communist and Communist Labor parties and other exponents of "direct action," Department of Justice officials said.

Information in possession of the department was said to reveal that radical elements both in the United States and in Europe were planning to make Saturday the first "real" international labor day.

In the United States, department agents asserted, workers in industrial centers are being urged to "lay down tools May 1" and participate in "international labor day."

FRANCE FACES STRIKE.  
(BY CABLE AND ASSOCIATED PRESS.)  
PARIS, April 29.—Extremists who have captured control of the railroad workers' federation are attempting to make the May 1 strike a starting point for an unlimited general strike for the nationalization of public utilities. In the past plans for the day have contemplated a mere demonstration by labor.

Strike notices subject to the approval of the general labor federation have been issued by the Executive Committee of the railroad federation.

Railroaders' delegates were elected with the Executive Com-

mittee of the general federation until late last night trying to obtain support of the revolutionary plans. As far as can be ascertained, no decision was reached.

The walls of Paris are plastered with appeals for violence. One appeal concluded with a bit of unconscious humor.

"so that the maxim 'he who will eat must produce' may be applied."

In the words of prominent labor leaders, the general strike order means a "right to a finish" for the realization of the general political aims of French labor, with the nationalization of public utilities, and labor representation on all boards and commissions dealing with transportation and the postal and telegraphic services.

The strike is not for the purpose of obtaining a salary increase. It is announced, but has for its object the nationalization of all the transport services.

FEAR ENGLISH TIE-UP.  
(BY CABLE AND ASSOCIATED PRESS.)

LONDON, April 29.—A labor development which may result in a more general stoppage of work throughout the United Kingdom on May Day than had been considered likely manifested itself today in an announcement that the London Council of Railway Men had decided that beginning Saturday its members would work on a strict "work to the rules" policy.

The smooth running of the railways, it is maintained, depends upon the initiative and resource of the workers, which involves the continual breach of some instructions in meeting contingencies which cannot be contemplated in the framing of any set of rules.

The Liverpool and London unions declare they will maintain their new order until their demand for an advance of 11 weekly is granted. The national headquarters of the railway men said today that the policy was neither authorized nor advocated by the national executive body.

PHILADELPHIA OPERA HOUSE UNDER HAMMER

THEATRICAL INTERESTS BID IN PLAYHOUSE; CHANGE IN POLICY ANNOUNCED.

(RECEIVED DISPATCH.)

PHILADELPHIA, April 29.—The Metropolitan Operahouse, at Broad and Poplar streets, was sold at auction at noon yesterday for \$655,000. It was "knocked down" to theatrical interests headed by Fred G. Nixon-Nixon, president of the sale by Albert M. Greenfield, a real estate dealer.

The purchase of the opera house, which has been the property of the Philadelphia and the Stanley Company of America in film producing locality.

The purchase was announced this afternoon that they will not permit the continuance of the regular Tuesday night season, as has been the custom.

The opera house will be added to the Nirdlinger chain of theaters and it will have regular bookings, which would prevent the once-week opera.

In a statement Mr. Greenfield said: "Our present thought is if grand opera can be given consecutively we will encourage it. That is, one or two weeks of grand opera to be followed by two or three other theatrical performances."

"We would not likely entertain any plan for opera one night with the bookings or would suspend performances. With a few days they will meet Mr. Stotesbury and much depends on the outcome of that interview."

Mr. Stotesbury attended the sale which was conducted in the auction rooms of Samuel T. Freeman & Co., and was to satisfy a \$400,000 mortgage held by Mr. Stotesbury.

Mr. Stotesbury bid up to \$650,000 for the property, but it is understood he did not wish to purchase it and was merely protecting his own interests. These, it is reported, were considerable.

It is reported he also held notes totaling over \$250,000. Speaking of the value of the property, Mr. Greenfield said the cost of the building alone was \$150,000, which is also the assessed value, and he declared the ground is worth about \$500,000.

It took only four minutes to "knock down" the property, and Mr. Stotesbury was the only bidder.

FARMING CONFRONTED BY SERIOUS PROBLEMS.

SECRETARY MEREDITH POINTS OUT DIFFICULTIES AT CHAMBER MEETING.

(BY A. F. NIGHT WIRE.)  
ATLANTIC CITY, April 29.—Farming was pictured as confronted with more serious difficulties than any other American industry, by Secretary Meredith, of the Agricultural Department, in an address last night at the annual meeting of the Chamber of Commerce of the United States.

"American farmers," the secretary said, "are not only in competition with each other as producers, but in competition with the products of other countries. Not only that, but agriculture as an industry, is in direct competition with other industries for capital, labor, and by reducing acreage and numbers of live stock. The latter course means smaller production."

Farmers hesitate to pay higher wages because, unlike other industries, there is no opportunity for a quick turn-over or to pass the increased cost along to consumers.

"Farmers are faced with the problem of deciding whether to pay high prices for the things they have to buy and the investment of a large part of the cost of production in the early spring months, with the prospect that when the crops come to market their crops, they will be compelled to accept lower prices for everything they have to sell; or whether they shall cut down the initial expense of production by investing less capital and equipment, supplies and hired labor, and by reducing acreage and numbers of live stock. The latter course means smaller production."

BAY STATE IN FAVOR OF 2.75 BEVERAGE.

(BY A. F. DAY WIRE.)  
BOSTON, April 29.—The House of Representatives yesterday passed a bill to make 2.75 per cent. beer available for sale in this State, subject to Federal legislation. The Senate previously had passed the measure.

## SAYS STILLS STUD ISLANDS.

A school for moonshiners is turning forth whisky on remote and waterless San Nicholas Island and on Santa Cruz, San Miguel, Santa Rosa and Anacapa Islands of the Channel group a score of stills, operated by San Nicholas graduates, are manufacturing bootleg stock. Capt. Ira E. Eaton yesterday told Deputy United States Marshal Cavaschewski who brought him to this city from Santa Cruz Island via Santa Barbara to answer to a charge of liquor-making. Capt. Eaton's lease on the island was raised last Tuesday by prohibition agents, who arrested him when they found a commercial still and ten barrels of whisky mash on his premises.

of watching the count," he added. "In several of the counties the election machinery was entirely in control of the State organization, which was running the Wood campaign."

(BY A. P. NIGHT WIRE.)  
NEWARK, April 29.—In Morris county, where Johnson's managers have announced they will seek a recount, an error of 111 votes was discovered, cutting Wood's majority in that county from 887 to 776. The mistake was found in a re-check made at the County Clerk's office after William P. Verdon of Hudson county, a Johnson worker, had charged his candidate had been "robbed" in Morris, Essex and Camden counties.

(BY A. P. NIGHT WIRE.)  
NEW YORK, April 29.—Johnson's campaign manager announced today that a recount would be asked in Essex, Morris, Gloucester and Camden counties.

CAMDEN (N. J.) April 29.—The official count of the vote in Camden county in Tuesday's primary election was set out today for Wood over the complete unofficial figures announced election night. The official count, completed tonight, gives Wood 5122 and Johnson 1376, a plurality for Wood of 3746.

## COLORADO TRIES TO HAVE BOOZE.

DRAFT OF PROPOSED AMENDMENT UP FOR SCRUTINY.  
WINE AND BEER.  
DENVER, April 29.—The draft of a proposed amendment to the State Constitution permitting the sale of beer containing 4 per cent. alcohol and wine with 10 per cent. alcohol was filed with the Secretary for decision of legality today. If approved, the amendment would be placed on the ballot at the November election and would be circulated.

LONDON, April 29.—"Pussfoot" insurance is the term which has been applied to a rate of ten shillings per 100 pounds sterling now being offered in the London market to cover the risk of the passing of an act of Parliament within twelve months prohibiting the sale of alcoholic liquors.

PORTLAND, April 29.—Federal revenue agents and prosecuting authorities admitted today they would be unable to trace illegal liquor distilling in Portland and vicinity and that the Federal courts might become clogged with cases of this character.

THE Federal grand jury recently returned more than a score of indictments for alleged violations of the liquor laws. Monday when this report was submitted, between thirty-five and forty new moonshining and bootlegging cases were brought before the United States Attorney by the revenue agents.

A revenue agent, who devotes virtually his entire time to ferreting out moonshiners and bootleggers, said today that the illicit manufacture of whisky in Portland is now greater than it ever has been since prohibition, either State, or national, became effective.

POUR LIQUOR IN CREEK.  
(BY A. P. DAY WIRE.)  
FRESNO, April 29.—Before a battery of three cinema cameras here today memories of yesterday were brought back to the thrifty of this city when several thousand quarts of contraband liquor were poured into the rushing waters of "Crack Creek" in the heart of the residential district.

This liquor was obtained by the police in raids here during the past three months. Beer, wine and champagne were poured into the creek. Mayor Tompkins and Chief of Police Truesdell emptied the first bottles from several truckloads. A crowd of several thousand saw the free show.

WINE RAID AT FLORIN.  
(BY A. P. DAY WIRE.)  
SACRAMENTO, April 29.—Federal prohibition enforcement officers reported today a raid that was made last night at Florin, near here, when 60,000 gallons of wine belonging to J. Frassinetti was seized and the owner taken into custody.

Three other arrests were made of persons who came with jugs to the winery during the process of the raid. Frassinetti had been doing a rushing business in sherry at 15 a quart and brandy at 17, according to George Koutley, an officer of the enforcement squad.

CLEBURNE (Tex.) April 29.—The Texas State Federation of Labor, in annual convention here refused to consider a resolution favoring the manufacture of beer and light wines, after a lengthy and bitter debate.

RED CARS IN CRASH;  
SIX PERSONS HURT.  
FAILURE OF TROLLEY CAUSE COLLISION; PASSENGERS OUT AND BRUISED.

Six persons were out and bruised when Pacific Electric car No. 575 of the San Gabriel line telescoped the rear end of an inbound coach of the Pasadena line at Ross Hill last night.

The injured are: Miss Loretta Hobson, 213 Cypress street, Pasadena; Mrs. John Marston, 124 West Fourth street, Alhambra; William Starr, his wife and Mrs. Frank Brown, all of 2330 Fifth-fifth avenue, this city, and John Shura, 601 West First street, this city. They were all taken to their homes, except Mr. Shura, who was removed to the Crocker-street Hospital. His right leg is injured.

Motorman L. G. Holladay and Conductor G. W. Bartholomew of the Pasadena car stated that at the time of the smash-up they had stopped to fix the trolley, which had jumped the wire. Motorman L. M. Pendergast, who with Conductor K. P. Brunner was in charge of the San Gabriel car, said that as the lights of the other coach were off, he could not see it in time to avoid the collision.

val passed out of the original owners. All who had been to the island of Madagascar in the Indian Ocean. In America there was a great puzzle as to how it was possible to perpetuate the name of the company. A clever lawyer found out that if the business was dedicated to something, either an idea or a disembodied spirit or a saint, the title could be made permanent.

That is the reason why you see the word "Au" before many firm names—"Au Bon Marche" (To the good bargain)—"Au Samaritan" (To the Samaritan)—"Au Louvre" (To the Louvre), so that never mind who runs these shops, the title is perpetual.

Fortunately there is no American law that holds a trade-mark to the life of any individual or firm.

## SOCIETY.

BY VIRGINIA WOODS.

For Miss Palmer.

Mrs. Howard Huntington of Oak Knoll was yesterday hostess at a luncheon of handsome appointments—the affair being arranged in courtesy to Miss Rosalie Palmer of Oakland, a former classmate of Mrs. Huntington's and a guest of Mrs. Ernest A. Bryant. The house and table decorations were lovely, the flowers coming from the Huntington gardens. Plates were set for Miss Palmer, Harold H. Wrenn, John McWilliams, Jr., Michael J. Connell, William Barnard, William May Garland, Harry Wilcox Langstaff, Norbert Murray, Walter Leach, Charles Paxton, Mrs. Macaferri, Misses Anita Patton, Lucy Clark, Gwendolen Laughlin, Louise Burke, Katherine Strickler and Alice Elliott. Mr. and Mrs. Huntington entertained at dinner Tuesday evening for Mr. and Mrs. Henry E. Huntington, who are going East in a few days. Mr. and Mrs. Huntington will give another dinner party next Tuesday evening.

By Mrs. Balch.

Mrs. Albert C. Balch is giving a luncheon today at the California Club.

For a Bride.

Mrs. James G. Scarborough (Eleanor Workman) is the motif for a tea that Mrs. Woods B. Woolwine and Mrs. Claire N. Woolwine of 4040 Wilshire boulevard are planning for the afternoon of Tuesday, May 11, to which an interesting company of young matrons and girls are being asked. Mr. and Mrs. Scarborough are to give a dinner party for twelve on the evening of May 22 and will assemble their guests later at the dancing party at the California Club.

For Visitors.

Mr. Ferdinand R. Bain of 2101 Wilshire boulevard was host at a dinner party last evening in honor of Mr. and Mrs. W. T. Abbott of Chicago. Other guests were Mr. and Mrs. William Mason, Mr. Charles H. Sharr, Mr. James von Schmidt and Mr. Dudley.

Bridge Dinner.

Mrs. Jaro von Schmidt is giving a small bridge dinner at the Bolca Chica Gun Club this evening.

By Mrs. Scott.

One of the pleasing functions of the week was the bridge luncheon at which Mrs. John H. Scott of Tacoma, Wash., was hostess. The luncheon table was handsomely adorned and was set in the lounge at the Garden Court apartments. Afterwards the guests played bridge in the ballroom, which was decorated in tulips, roses and a mass of mixed flowers. There were twenty-four guests.

Home Wedding.

At the home of her parents, Mr. and Mrs. S. M. Pinkert of 644 South Irolo street, Miss Rebecca Pinkert of this city and Mr. Harry David Kroll of Boston were married last yesterday afternoon by Dr. Hecht. The bride wore a garden frock of white tulle with hat to match and wore a corsage of orchids. The couple are leaving this morning for the Yosemite Valley.

Mrs. Armstrong's Luncheon.

Mrs. Ervin Armstrong was a hostess yesterday at a luncheon at her new home on Huntington drive and Wilson street. Pink roses, tulips, lilac and other flowers were massed upon the table, at which sat Mrs. Donald O'Melveny, Stewart O'Melveny, Earl Armstrong, John B. Miller, Jr., James Rathwell Page, Sidney Berg, Margaret Bundy Buyer, Jack Guyer and Miss Katherine Emery.

Church Wedding.

At noon yesterday Miss Dorothy Gay Black and Dr. Willis Warren Allen, both of this city, were married at the West Adams Presbyterian Church in the presence of a large number of friends. The bride is a daughter of Mr. and Mrs. E. H. Black of West Fortieth place. After a brief honeymoon trip the couple will reside in Bakersfield.

Luncheon Parties.

There are to be a number of luncheon and tea parties today, the hostesses and guests all going to the Philharmonic concert to hear Mrs. Walter Henry Rothwell, who is to appear for the first time here as a soloist. Mrs. Lloyd L. Krebs is giving a luncheon in honor of Mrs. Frank Gibbs Allen and her clever daughter, Mrs. Marjorie Bellet, composer and author. Mrs. Michael J. Connell has a company of twelve at luncheon and Mrs. Eugene O. McLaughlin and Mrs. Robert I. Rogers are entertaining out-of-town guests. Mr. W. A. Clark, Jr., will take his company to tea after the concert. Others who are to entertain include Mrs. Morris Albee, Fred Baker, Hancock Banning, Joseph Brent Banning, W. Jarvis Barlow, A. D. Cheney, J. Ross Clark, E. A. Bryant, William May Garland, Mary Banning Norris, Hugh Livingstone Macneil, E. Avery McCarthy, Jaro von Schmidt, Valentine Perion, Henry O'Melveny and many others.

Personals.

Mrs. Bradner W. Lee is home from Porterville, where she has been visiting two weeks. Mr. John Schumacher has been called to New York because of the sudden serious illness of his brother, Mr. Arthur Schumacher. Mrs. H. H. Kipp, wife of Commodore Kipp of the naval station at Cavite, Manila, Philippines Islands, and her two children, who have been guests of Mrs. Harry Clifford Lott all winter, left yesterday for their home.

Mrs. Robert Comstock, who has been visiting her sister, Mrs. Grace Perkins, all winter, returned yesterday to her home in Chicago.

Mr. and Mrs. Robert E. Fawcett of London, Eng., who spent the winter here at the Derby and who were so much feted, left yesterday for Italy, where they will make their future home. They will stop for a few days' visit in San Francisco and in New York.

Mrs. Jack Niven is home from Salt Lake, where she was called because of the illness of her father, Mr. Van Cott, who is now convalescing.

Dr. and Mrs. W. E. Root and Mr. and Mrs. Charles Schleicher are motoring to Big Bear for a week's fishing trip.

Mr. and Mrs. Lee Allen Phillips are returning this morning from a six weeks' visit in New York.

## Worn Out In Mind and Body

Your child is quick to observe disturbances in your mental attitude or physical condition. And when he asks: "What's the matter, Daddy?" there's a tone of solemn anxiety in his little voice. The depression stamped upon you reflects intensely upon him because of his profound sympathy. He at once drops his playthings and rushes to your side, but his happy smile has disappeared and his buoyant spirits are gone—replaced by a countenance of worry and a bearing of hopelessness.

You owe it to the happiness and welfare of your family to keep calm and keep in health. You are the soul and the foundation of their lives. Check, strengthen, renew, their heads the instant you show signs of being "out of sorts" or "under the weather." Don't forget these things by neglecting your health.

# How much should I give to make this a better world?

**A BUSINESS** man filled out his income tax report.

It showed an income so large that his tax was 53%. And his total gifts to church and charity for the year were \$148.

Think of it—thousands spent for luxuries and pleasure for himself; and \$148 to leave the world a little better than he found it!

Most of us do better than that; but not so very much better.

Our average daily gift for all church causes is—  
—less than we spend for daily papers  
—less than a local telephone call  
—less than a third of the day's car fare  
—less than 3 cents a day.

No wonder that 80% of the ministers of America are paid less than \$20 a week. No wonder that the church hospitals turn away thousands of sick people a year. No wonder that China has only one doctor for every 400,000 people. No wonder that every church board and charity society is forever meeting deficits, forever passing the hat.

It isn't because we are selfish; it isn't because we don't want to help. It's just because no one has ever put up a great big program to us, and asked us to think of the work of the church in a systematic businesslike way.

The Interchurch World Movement represents the united program of thirty great denominations. They have surveyed their whole task; no business could have done it better.

They have budgeted their needs; no business could have a more scientific budget. They have united to prevent the possibility of waste and duplication. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

And they come to the men and women who love America—to you—this week, asking you to use them as the channel through which a certain definite part of your income can be applied to make this a better world.

Only you can determine what part of your income that should be. The chart printed here is intended merely as a suggestion; it represents a scale of giving of 65—or less.

Six per cent of your earning power; 15/16ths of your life for your own family needs, and 1/16th for your fellow men—is that more than you ought to give?

It's a good time right now to answer that question. We're passing through the world just once; how much better is the world going to be because you passed through?

### A SURE CURE

"When a widower begins to wonder whether she will think he is too old for her he ceases to complain about his lumbago."

But the man who gets up in the morning all out of sorts—with lame back, stiff limbs, a dull "achy" head, better look out for himself—maybe his kidneys are to blame.

Swollen hands, ankles, feet are due to a dropsical condition, often caused by disordered kidneys. Naturally when the kidneys are deranged the blood is filled with poisonous waste matter, which settles in the feet, ankles and wrists; or under the eyes in bag-like formations.

As a remedy for those easily recognized symptoms of inflammation caused by uric acid—as scalding urine, backache and frequent urination, as well as sediment in the urine, or if uric acid in the blood has caused rheumatism, lumbago, sciatica, gout, it is simply wonderful how quickly Anuric acts; the pains and stiffness rapidly disappear, for Anuric (anti-uric-acid) is many times more potent than lithia and often eliminates uric acid as hot water melts sugar.

Anuric is a recent scientific discovery by Doctor Pierce of the Invalids' Hotel in Buffalo, N. Y. Send ten cents there for a trial package of Anuric.

### Here's a Chance to Earn Your Living with a Side Issue

ANY adult man or woman, in a large city or small village, of good character, of presentable appearance and ordinary abilities, can make as much every day—after hours—as daily living expenses amount to. An hour or two a day will accomplish splendid financial results. One requisite only is necessary—willingness to make conscientious effort and to apply yourself. Your friends will look up to you and respect and admire you for engaging in such high-class an undertaking.

Learn to train yourself for larger activities and broader fields in the financial world while earning this "side issue" money. We walk every step with you and encourage and help you.

USED HIS NECKTIE AS HANGMAN ROPE.

PORTERVILLE, April 29.—The body of an unidentified Japanese was found hanging by his necktie from a tree on a small island in the St. John's River, two miles north of Visalia, yesterday afternoon.

The man had apparently been dead about three days. He wore a suit bearing the mark of a Los Angeles tailor, as well as his own name, which was rendered illegible by water when the body was taken across the river. In his pockets was found \$116.10.

Federal Reserve Banker Tells of Market Manipulation.

REDLANDS, April 29.—Bankers are evidently expecting a break in the present high market at any time for W. A. Day, director of the Federal Reserve Bank of San Francisco, who was this morning on a stage from San Diego, California, to San Bernardino, Imperial, Riverside and San Diego counties, to advise the bankers to advise merchants to not pile up their shelves with high priced goods.

There is going to be a revision in prices just as the sun rises and sets," said Mr. Day, "and it will catch some of the merchants napping if they don't watch out. Discriminate in taking the place of recklessness with the buying public. The high price of things has reached the point where a larger proportion of customers of retail stores are looking carefully at the price and then looking again."

Mr. Day says that the bank has much information on which to base an assertion that a revision of prices is due. That revision may not come for a year but it is coming with certainty. Mr. Day said one of the reasons the federal reserve bank is giving the place of making a killing in Europe.

Conditions of exchange and many other things have caused Europe to leave these goods alone. The fact remains that great quantities of goods are stored in Europe. There are many forced prices prevailing," said Mr. Day. "Take cotton. It was not the demand here or the fact that all cotton has been used that sent the price up. It was the fact that speculators bought immense quantities of cotton in Europe and England is not taking it. There is now a great holdover from last year. Go as far as possible in holding down the merchants in the purchase of high priced goods."

ALHAMBRA, April 29.—Winding up the Hoover campaign, which has been carried on this week by an enthusiastic Hoover Republican Club, there will be a mass meeting at the Alhambra Theatre, through the courtesy of the manager, O. W. Lewis, Friday night. The programme which has been prepared consists of a torch-light procession of long ago. Colored minstrels, fireworks and moving pictures will attract crowds, as well as such well-known speakers as Dr. Silas H. Evans, president of Occidental College; Mrs. Chester Ashley of Los Angeles and the Rev. Samuel Hughes of Alhambra.

Alhambra boasts as near great four men who attended school at one time or other with Mr. Hoover. These are Alfred Barstow, E. L. Farmer, H. C. Durrell and Dr. Bishop.

While a large crowd was attending the Community Players' programme in Alhambra Tuesday night, Dr. O. B. Barnum, a Hoover four-minute man, seven people straggled at different times to hear the "Monter Johnson Rally" in another part of the city.

William C. Grimes, at one time Governor of Oklahoma and known as a war horse of the Republican party, is the chairman of the Hoover Republican Club.

BETTER CO-OPERATION.

Better co-operation between capital and labor to increase production, and reduce the cost of living was urged by president Silas Evans of Occidental College in an address today before the Kiwanis Club luncheon, at the Hotel Pasadena. He said labor was only 60 per cent efficient and that capital was lazy. Business is good in the Orient, but more shops are needed to handle trade on the Pacific, said Osley Crew-Read of Shanghai, assistant general manager of the Pacific Commercial Cable Company, here today. Mr. Crew-Read and his wife and daughter are visiting Mrs. Crew-Read's sister, Miss Ida Allen, here on their way home to England for a stay.

MORE NEW BUSINESS FOR LOCAL HARBOR.

THREE COMPANIES ANNOUNCE ARRIVAL DATES OF VESSELS COMING HERE.

LOS ANGELES HARBOR, April 29.—Three new steamship companies operating out of Los Angeles Harbor today announced the dates of arrival and departure of their first vessels from this port. More steamships are bound for the local harbor with cargo at this time than at any other time in the history of the port.

The Luckenbach Line announced its first steamer, the Hattie Luckenbach, if ready to sail from New York for San Pedro, and will arrive here before the end of May. The Hattie Luckenbach was towed into New York several days ago by the Currier, Mauretania, when the former vessel ran short of fuel.

The General Steamship Corporation will send vessels out of the local harbor on its two new lines within six weeks. The first vessel to be dispatched will be the Pallas, to the west and east coasts of South America. This is the first direct service in history from Southern California to Argentina and Brazil.

The same company has chartered the new steamer, Las Vegas, being built at the Los Angeles shipyard, for operation on a route from the local harbor to Auckland and Wellington, New Zealand, direct, and to Sydney, Melbourne, Adelaide, and Newcastle, Australia; the Las Vegas to follow shortly after the Pallas. The Osaka Shosen Kaisha Line of

Japan announces its first steamer calling here from Shanghai to New York and Cuban ports. The vessel will be the Amur Maru, and will arrive within two weeks, taking cargo and passengers. The Dutch steamer, Tijndorff, from Batavia, represents another company sending its first vessel to the local harbor. The Tijndorff is due in two weeks with a full cargo for this port.

CONTENTS OF STOLEN MAIL POUCHES LOCATED—EX-CONVICT ARRESTED.

REKLEWIE DISPATCH.

SAN DIEGO, April 29.—R. G. Gardner, who is said by the authorities to be an ex-convict, was arrested last afternoon at Stratford Inn, in Del Mar, as the vessel who, early yesterday morning, held up and robbed a United States mail truck on State street, between F and G streets, and made away with five registered mail pouches. All the mail secured by Gardner in the hold-up is said to have been found in his room at the Stratford Inn.

Gardner arrived in Del Mar at 10 o'clock this morning on a stage from San Diego, and registered as M. E. Lawson. His actions immediately attracted the attention of Manager William H. Sibbald, who caused him to be watched. Later Sibbald telephoned the San Diego Police Station and reported the matter to the Sheriff's Office. Deputy Sheriff Saxton went to Del Mar, where they arrested Gardner and recovered the stolen registered mail matter.

### REDLANDS TEAM IN GOOD SHAPE.

Incident Weather Keeps Athletes from Training.

Cunningham's Leads Drive Sixth Lane in Big Race.

All Ready for Philadelphia Athletic Carnival.

(SPECIAL CORRESPONDENT.)  
REDLANDS, April 29.—A telegram from Aabel Cunningham, coach of the University of Redlands relay team which will take part in the big Philadelphia relay carnival at Philadelphia on May 1, says that his team has drawn sixth lane in the mile relay for schools in class B. In class B are such schools as Pittsburgh, Syracuse, Wakefield, Maine, Columbia State, West Virginia, Nebraska, Coe and several others. More than ninety colleges and universities have entered teams in the big relay carnival.

In the open championships the Redlands team has drawn the third lane. Coach Cunningham says that his men are in good condition although rain has kept them from training as much as he had hoped they could train.

It is believed that the team is capable of making the mile in the 5 minutes and 55 seconds, perhaps a little less.

### RICH, BUT UNKNOWN.

Minister Dead in Arizona, may Have Left Large Estate.

The death of Rev. John H. McCahan, 65 years old, a minister purported to be worth approximately \$100,000, in a poorly furnished room was reported from Phoenix, Ariz. today. Officials who made an investigation of his personal effects stated that they had found indications of securities in a Los Angeles safe-deposit box under the man's name. No information as to what denomination the man belonged to was reported. Church authorities in Los Angeles said they had known of no minister by that name in this city. According to the information, McCahan came from Philadelphia.

and in the seventh with men on first and third, Andrews romping in with the first Angel score on the play. To make matters worse, Crandall walked, stiling the bases. Here Schorr pitched himself out of a dangerous situation by retiring Art Griggs on strikes.

With the game won, Kunkley loomed up in the ninth. Andrews singled, Hartford to Kenworthy to Murphy. Then Kunkley and Ellis both singled, and Crandall followed with a blow to center, scoring the red-topped skipper. The stands became worried, but Schorr forced Griggs to roll to short, Hartford teasing to Kenworthy and forcing Crandall at the second station for the final killing. The score:

## NEW YORK STOCK EXCHANGE

(BY A. P. NIGHT WIRE.)

NEW YORK, April 29.—Today's stock market was a repetition of yesterday's heavy selling of a professional character, with enforced liquidation dominating the movement throughout.

These included tight money, unsettled industrial conditions and signs of further drastic tax legislation again favored the short interest. Stocks were most acutely depressed in the latter part of the session, following announcement of the introduction of a resolution in Congress restraining corporations from distributing surplus as profits accumulated during the past six years.

Western Banks reported additional advances in discount rates and the local supply of time funds, even for short dates, was negligible. Most of the day's call money was placed at 8 per cent, but belated borrowings were again obliged to pay as much as 10 per cent.

There were tentative rallies during the early, intermediate and final hours, but each recovery was the signal for fresh bear attacks, a heavy tone prevailing at the close.

The more severe losses embraced steel, equipments, motors, oils, leather and miscellaneous specialties. General Motors made a net decline of eleven points to 235, Crucible Steel yielded 1 1/2, Republic, 2 1/2, Harvester, 3 1/2; Reading, 4 1/2; American Woolen, 1 1/2; Corn Products, 3 1/2, and United States Steel, 1 1/2, with losses of two to five points in many miscellaneous specialties. Sales amounted to 1,150,000 shares.

Foreign exchange was almost the only stable feature of the day, the London rate continuing to harden, with moderate improvement for several of the continental remittances.

Liberty 3 1/2's made a new low at 92.75, and the general bond market was reactionary on moderate offerings. Total sales (par value) aggregated \$10,875,000. Old United States bonds were unchanged on call.

What's Auto-Intoxication?  
A PROMINENT physician recently said, "All data shows that the ordinary individual over-balances in favor of proteins by too great a consumption of meats."  
This clogs the system with impurities and often toxin poisons. Serious stomach disturbances result. In fact, many diseases, including mental and nervous troubles, are the result. But why suffer?  
Include today in your diet Nature's correctives, fruits and cereals in their proper proportions—as are found only in Fruited Wheat or Fruited Oats. They promote a natural action of the digestive tract, therefore eliminating all such poisons that lead to Auto-Intoxication.

### CITY'S PARKING BAN IS LIFTED.

No Hitch in Putting Amended Measure Into Effect.

Merchants Promise Aid in Enforcing Regulation.

Mayor Asks Help of All in Keeping Traffic Open.

Without a hitch the amended no-parking ordinance went into effect yesterday. But fifteen violations of the liberalized measure were reported by the police, and cases of congestion were no more noticeable, according to checkers, under the forty-five-minute parking provision than under the measure that forced the autoing shoppers from the business district.

The Mayor conferred yesterday with members of the Business Men's Co-operative Association relative to the enforcement of the new traffic regulations. Deputies of the store, association members stated, will aid the police officers in enforcing the forty-five-minute parking, and thousands of handbills will be distributed by the business men to motorists setting forth the new regulations and asking that they be observed.

The Mayor stated last night that he is willing to give the educational plan a trial, but that if it fails, and the police department finds that for lack of men it is unable to enforce the new traffic regulations, the business men must then make good on their promise to raise a fund with which to employ additional patrolmen to enforce the law.

The Council will take up this morning additional amendments to the parking regulations, concerning principally extending the left-hand turn regulations to Fourth street at Broadway and Spring streets.

The Mayor issued the following proclamation on the subject:

To the People of Los Angeles: As the Mayor of your city, and having just approved the new amendment to the traffic ordinance, I deem it wise and necessary to urge upon all our good citizens to assist our most limited police force in the execution of the no-parking and limited parking laws; and in doing so, I call attention to the fact that heretofore it has been an unwise custom on the part of many who think they are good law-abiding citizens, to ask a preference on the execution of traffic laws, through enjoining or influencing police officers when in the performance of their duties, perhaps in some instances by giving them small tokens to cause special favor towards them.

Permit me to urge that such practices be discontinued; let the law fall upon all alike, and be justly administered, and by so doing it will help us preserve an orderly city at a minimum expense.

I would also add a request that in order to help avoid a great congestion, as experienced recently and prior to the no-parking ordinance, every citizen should be unselfish and avoid bringing automobiles within the congested district, unless absolutely necessary, and in this manner manifest your sympathy with the city officials and your interest in the public good.

Unless the citizens help the administration carry out these laws, to the satisfaction of all, more officers will be required at the expense of the city at a moment do not permit this extra expense.

Merchants of this city have proposed in this emergency to lend their financial assistance, if necessary, but in view of the fact that recently we have been obliged to levy a heavy occupational tax upon them, I trust the city will not be called upon to be placed in a beggarly position.

I have faith in the law-abiding citizens of our city, as was shown by their strict observance under the traffic ordinance just amended, whereby machines were not permitted to park at all. I am therefore hopeful that my suggestions will prevail with them.

The city officials are endeavoring to regulate street-car traffic, and avoid the necessity of any advance in street car fares by the railway system is patiently awaiting trial for this amended ordinance; so let us all act co-operatively for the welfare of all, as Los Angeles citizens have always acted.

(Signed) MEREDITH P. SYDNER, Mayor.

CALIFORNIA FOURTH

IN CHURCHES DRIVE.

AND SOUTHDOWN FAR EXCEEDS NORTH IN CONTRIBUTIONS TO WORLD MOVEMENT.

Incomplete reports from all over the United States, received yesterday at the Interchurch World Movement's headquarters here show California fourth on the list in contributions to the United States campaign for \$250,000,000, with an aggregate sum of \$1,814,465. Pennsylvania heads the list, with a total of \$1,467,690. New York City has to its credit, \$1,015,000, Ohio, \$2,718,000, and this State, \$1,814,465. As all of the various denominations included in the movement have not yet been heard from, these figures are incomplete.

Southern California leads the Northern part of the State with a sum nearly \$1,500,000 in excess of the northern figure of \$385,468. The Methodist Centenary Fund, while it provides its full share of the interchurch budget, is not reported on, but were it added to the Southern California total, it would place this State third in the national list.

Figures coming into local headquarters show that substantial progress is being made in the goal.

BRICK MAKERS MAY HAVE TO MOVE PLANTS.

The Los Angeles Pressed Brick Company and the Simons Brick Company must move their plants from Boyle avenue, between Seventh and Ninth streets, if the Council adopts the recommendation agreed upon yesterday by the Committee on Public Welfare. Residents of the district, headed by former Councilman Michael Collins and President Valentine of the Boyle Heights Improvement Association, appeared before the committee yesterday afternoon and declared that residents in the neighborhood of the brick plants had been fighting for years to compel these plants to move on account of the noise and smoke the brick-making is said to create.

# REDLANDS TEAM IN GOOD SHAPE.

Incident Weather Keeps Athletes from Training.

Cunningham's Lads Draw Sixth Lane in Big Race.

All Ready for Philadelphia Athletic Carnival.

(Special Correspondence.)  
REDLANDS, April 29.—A telegram from Ashel Cunningham, coach of the University of Redlands relay team which will take part in the big Pennsylvania relay carnival at Philadelphia on May 1, says that his team has drawn sixth lane in the mile relay for schools in class B. In class B are such schools as Pittsburgh, Syracuse, Wabash, Miami, Columbia State, West Virginia, Nebraska, Coe and several others. More than ninety colleges and universities have entered teams in the big relay carnival.  
In the open championships the Redlands team has drawn the third lane. Coach Cunningham says that his men are in good condition although rain has kept them from training as much as he had hoped they could train.  
It is believed that the team is capable of making the mile in 3 minutes and 55 seconds, perhaps a little less.

## RICH, BUT UNKNOWN.

Minister Dead in Arizona, may Have Left Large Estate.

The death of Rev. John H. McClahan, 65 years old, a minister reported to be worth approximately \$100,000, in a poorly furnished room was reported from Phoenix, Ariz. today. Officials who made an investigation of his personal effects stated that they had found indications of securities in a Los Angeles safe-deposit box, under the name of John H. McClahan. No information as to what denomination the man belonged to was reported. Church authorities in Los Angeles said they had known of no minister by that name in this city. According to the information, McClahan came from Philadelphia.

and in the seventh with men on first and third, Andrews romping in with the first Angel score on the play. To make matters worse, Crandall walked, filling the bases. Here Schorr pitched himself out of a dangerous situation by retiring Art Orsini on strikes.

With the game won, Hunkly loomed up in the ninth. Andrews singled, but was erased by a fast double play, Hartford to Kenworthy to Murphy. Then Kilmer and Ellis both singled, and Crandall followed with a blow to center, scoring the red-topped skipper. The stands became worked, but Schorr forced Orsini to roll to short, Hartford tossing to Kenworthy and forcing Crandall at the second station for the final killing. The score:

### UNLISTED SECURITIES

We are serving many people daily through this department of our institution. THESE same people appreciate the service they are getting and are listing their buy and sell orders with us. PROBABLY the security you have been wanting at a special price has been left with us to sell or maybe we have a buy order for the one you have for sale.

YOU can learn the facts as we know them about any security in which you are interested in buying or selling.

WE are unusually well equipped to handle this business, either unlisted securities or advertised stocks.

WE are always glad to answer questions and furnish reports on the security about which you inquire.

WE can give you a report on any advertised stock and handle your order for it at the advertised price.

WE do not consider a transaction complete when we sell you a stock; we will be just as glad to sell for you.

WE want you to get in touch with us when you are in the market to buy or sell.

SEND us a list of securities now owned—or which you may be interested in buying—PERHAPS we may have just what you want. WE appreciate your confidence and will respect it.

## NEW YORK STOCK EXCHANGE

(BY A. P. NIGHT WIRE.)

NEW YORK, April 29.—Today's stock market was a repetition of yesterday's heavy selling of a professional character, with enforced liquidation dominating the movement throughout.

These included tight money, unsettled industrial conditions, and signs of further drastic tax legislation again favored the short interest. Stocks were most acutely depressed in the latter part of the session, following announcement of the introduction of a resolution in Congress restraining corporations from distributing surplus profits accumulated during the past six years.

Western Banks reported additional advances in discount rates, and the local supply of time funds, even for short dates, was negligible. Most of the day's call money was placed at 8 per cent., but related borrowings were again obliged to pay as much as 10 per cent.

There were tentative rallies during the early, intermediate and final hours, but each recovery was the signal for fresh bear attacks, a heavy tone prevailing at the close.

The more severe losses embraced steel, equipments, motors, oils, leather and sugars.

General Motors made a net decline of eleven points to 235. Crude oil fell 1 1/2 points to 12 1/2. Harvester, 3 1/2. Corn Products, 3 1/2, and United States Steel, 1 1/2, with losses of two to five points in many miscellaneous specialties. Sales amounted to 1,150,000 shares.

Foreign exchange was almost the only stable feature of the day, the London rate continuing to harden, with moderate improvement for several of the continental remittances.

Liberty 2 1/2's made a new low at 92.75, and the general bond market was reactionary on moderate offerings.

Total sales (par value) aggregated \$10,875,000. Old United States bonds were unchanged on call.

What's Auto-Intoxication?

A PROMINENT physician recently said, "All data shows that the ordinary individual over-balances in favor of proteins by too great a consumption of meats."

This clogs the system with impurities and often toxin poisons. Serious stomach disturbances result.

In fact, many diseases, including mental and nervous troubles, are the result.

But why suffer?

Include today in your diet Nature's correctives, fruits and cereals in their proper proportions—as are found only in Fruited Wheat or Fruited Oats.

They promote a natural action of the digestive tract, therefore eliminating all such poisons that lead to Auto-Intoxication.

### CITY'S PARKING BAN IS LIFTED.

No Hitch in Putting Amended  
Measure Into Effect.

Merchants Promise Aid in En-  
forcing Regulation.

Mayor Asks Help of All in  
Keeping Traffic Open.

Without a hitch the amended no-parking ordinance went into effect yesterday. But fifteen violations of the liberalized measure were reported by the police, and cases of congestion were no more noticeable, according to checkers, under the forty-five-minute parking provision than under the measure that forced the autoing shoppers from the business district.

The Mayor conferred yesterday with members of the Business Men's Co-operative Association relative to the enforcement of the new traffic regulations. Deputies of the store, association members stated, will assist the police officers in enforcing the forty-five-minute parking, and thousands of handbills will be distributed by the business men to automobilists setting forth the new regulations and asking that they be obeyed.

The Mayor stated last night that he is willing to give the educational plan a trial, but that if it fails, and the police department finds that for lack of men it is unable to enforce the new traffic regulations, the business men must then make good on their promise to raise a fund with which to employ additional patrolmen to enforce the law.

The Council will take up this morning additional amendments to the parking regulations, concerning principally extending the left-hand turn regulations to Fourth street at Broadway and Spring streets.

The Mayor issued the following proclamation on the subject:

To the People of Los Angeles:  
As the Mayor of your city, and having just approved the new amendment to the traffic ordinance, I deem it wise and necessary to urge upon all our good citizens to assist our most limited police force in the execution of the no-parking and limited parking laws; and in doing so, I call attention to the fact that heretofore it has been an unwise custom on the part of many who think they are good law-abiding citizens, to ask a preference on the execution of traffic laws through cajoling or influencing police officers when in the performance of their duties, perhaps in some instances by giving them small tokens to create special favor towards them.

Permit me to urge that such practices be discontinued; let the law fall upon all alike, and be justly administered, and by so doing it will help us preserve an orderly city at a minimum expense.

I would also add a request that in order to help avoid a great congestion, as experienced recently and prior to the no-parking ordinance, every citizen should be unselfish and avoid bringing automobiles within the congested district, unless absolutely necessary, and in this manner manifest your loyalty with the city officials and your interest in the public good.

Unless the citizens help the administration carry out these laws, to the satisfaction of all, more officers will be required, and the finances of the city at present do not permit this extra expense.

I have faith in the law-abiding citizens of our city, as was shown by their strict observance under the traffic ordinance, and I am therefore confident that my suggestions will prevail with them.

The city officials are endeavoring to regulate street-car traffic, and avoid the necessity of any advance in street car fares; the railway system is patiently awaiting trial for this amended ordinance; so let us all act co-operatively for the welfare of all, as Los Angeles citizens have always acted.

(Signed)

MEREDITH P. SNYDER,  
Mayor.

CALIFORNIA FOURTH  
IN CHURCHES DRIVE.

AND SOUTHLAND FAR EXCEEDS  
NORTH IN CONTRIBUTIONS  
TO WORLD MOVEMENT.

Incomplete reports from all over the United States, received yesterday at the Interchurch World Movement's headquarters here show California fourth on the list in contributions to the united simultaneous campaign for \$250,000,000, with an aggregate sum of \$1,114,445. Pennsylvania heads the list, with a total of \$5,467,900. New York City has to its credit, \$1,015,000. Ohio, \$2,718,000, and this State, \$1,114,445. As all of the various denominations included in the movement have not yet been heard from, these figures are incomplete.

Southern California leads the Northern part of the State with a sum nearly \$1,500,000 in excess of the northern figure of \$388,460. The Methodist Centenary Fund, while it provides its full share of the interchurch budget, is not reported on, but were it added to the Southern California total, it would place this State third in the national list. Figures coming into local headquarters show that substantial increases are daily bringing the campaign nearer to its goal.

BRICK MAKERS MAY  
HAVE TO MOVE PLANTS.

The Los Angeles Pressed Brick Company and the Simons Brick Company must move their plants from Boyle avenue, between Seventh and Ninth streets, if the Council adopts the recommendation agreed upon yesterday by the Committee on Public Welfare. Residents of the district, headed by former Councilman Michael Collins and President Valentine of the Boyle Heights Improvement Association, appeared before the committee yesterday afternoon and declared that residents in the neighborhood of the brick plants had been fighting for years to compel these plants to move on account of the noise and smoke the brick-making is said to create.

### Stained Reed Rocker, 47.50

Another design of fine reed stained gray slightly different from the one pictured on left. Seat and back in similar design spring seat and with upholstered back.

### 3-Piece Living Room Suite at 575.00

A davenport, a chair and a rocker that were built with the principle of comfort and service. The desire of the designer was accomplished, for nothing more comfortable could be dreamed of. Spring back pillow, spring filled separate seat cushions, upholstered in a tapestry of wonderful richness.
